

B. N. Lohani

**Vice President (Finance and Administration)
Asian Development Bank**

Dr. Bindu N. Lohani is the Vice-President (Finance and Administration) of the Asian Development Bank (ADB) and a member of the Bank's Management Team. He assumed the position in April 2007.

Prior to this, Dr. Lohani was the Director General of ADB's Regional and Sustainable Development Department and concurrently, he was ADB's Chief Compliance Officer and the Special Advisor to the President on Clean Energy and Environment.

Dr. Lohani began his career in ADB in 1985 as Environment Specialist and became Manager, Environment Division in 1995. He later served as Deputy Director, Infrastructure, Energy, and Financial Sectors Department (West) starting 1997. In 1999, he was appointed as the Secretary of ADB.

Before joining ADB, Dr. Lohani worked with the departments of Housing and Physical Planning; Roads; and Local Development of the Government of Nepal. He also taught and was Division Chairman of the Environmental Division at the Asian Institute of Technology (AIT).

Dr. Lohani holds a Bachelor's Degree in Civil Engineering, Master's degree in Environmental Engineering, and a Doctorate in Environmental Technology and Management. He has also been awarded Doctorate of University (Honors) by the Griffith University, Australia and University Medal and Doctorate (Honors) by the Angeles University Foundation (AUF), Philippines.

Dr. Lohani has authored more than 200 publications, including eight books. Dr. Lohani has completed several management development programs, including The Executive Program conducted by the Business School of the University of Chicago; Management Development Program by Cornell University; and also programs organized by Arthur D. Little School of Management, and Corporate Leadership program at Yale University, and administrative training for senior government staff of the Government of Nepal.

Dr. Lohani is an elected member of the National Academy of Engineering (NAE) and elected Fellow of American Academy for Advancement of Science (AAAS) of the United States – the highest professional distinction accorded to an engineer – for his work on economic cum environmental approach to sustainable development. He is a Diplomat of the American Academy of Environmental Engineers (awarded for excellence in the practice of environmental engineering) and a Fellow of American Academy for Advancement of Science (AAAS). He has been conferred various awards, medals and listed in several "Who's Who in the World".
